ABOUT JANATA SHIKSHAN MANDAL

Janata Shikshan Mandal is a well known academic hub located on the border of Maharashtra and Karnataka. It was established in the year 1961 by a great visionary Padmabhushan Shri. Devchandji Shah with the determination to enrich the lives of weak and deprived classes of the society. Presently Janata Shikshan Mandal caters to the educational needs of students from KG to PG through its campus spread over an area of 45 acres. It is now blossoming under the dynamic leadership and guidance of Hon'ble Shri Ashishbhai K. Shah, President, Janata Shikshan Mandal, Arjun Nagar.

ABOUT DEVCHAND COLLEGE

Devchand College was established in the year 1961. Today, Devchand College, Arjun Nagar is well known for its high academic standards, well maintained discipline and excellent infrastructural facilities comparable to the best in the state. It offers degree courses in Arts, Science and Commerce streams and PG in eleven subjects besides Career Oriented and Vocational Courses. It is affiliated to Shivaji University, Kolhapur and has been re-accredited with 'A' Grade by NAAC.

ABOUT THE STATE LEVEL CONFERENCE

Throughout history, humans have both affected and been affected by the natural world. While many uncertainties remain, there is a realization that environmental problems are becoming more and more complex, especially as issues arise on a more global level such as that of atmospheric pollution or global warming. Interactions between human society and the environment are constantly changing. The environment, while highly valued by most, is used and altered by a wide variety of people with many different interests and values. Difficulties remain on how best to ensure the protection of our environment and natural resources. However, a well managed environment can provide goods and services that are both essential for our well being as well as for continued social development. Environment and society are co-related with each other taking in to account all these aspects. Such conferences are important for solving environmental as well as social problems.
