VISION STATEMENT

TAMASO MA JYOTIRGAMAYA

Transition from Darkness to Light

The founder President of Janata Shikshan Mandal, Padmabhuashan Shri Devchandji Shah, said at the time of inaugural ceremony of college: 'The present era is the era of knowledge. Every child should get quality education at minimal cost to carry out the duties of a responsible citizen. It is education which develops thought, intellect, and moral values'. The statement echoes in the Vision statement which is derived from the age-old wisdom of our ancestors and it drives all our endeavours to

bring the light of education in people's lives so as to enable them to lead an enlightened life informed by noble values and ethics.

MISSION STATEMENTS

- To provide quality education to the rural, socially and economically disadvantaged students and make them globally competent
- To promote scientific temper and research
- To facilitate physical and mental development
- To inculcate human values such as equality, honesty, compassion and discipline
- To promote the values of social service, secularism, nationalism and environmental awareness

INSTITUTIONAL CORE VALUES

STUDENT ATTRIBUTES

Our national policy, UGC guidelines, NAAC core values and Devchand College Vision, Mission and Core Values are in alignment and all our endeavours are geared to facilitate acquisition of the following attributes by our students in order to make the world a better place.

- 1. Quality:** The aim of our endeavors is to enhance the quality of life through enabling students to acquire in-depth knowledge of subjects, related skills and attitudes. This goal can be achieved by creating an atmosphere where every student gets an opportunity to realize own dreams. A higher education institution has a key role to play in shaping an individual, realize his/her core strengths, define goals and strive to achieve the same. Such an individual is an asset to the betterment of our society.
- 2. Social Service:** We believe that the aim of education is two-fold: self-growth and social development. Students graduating from the college should be able to contribute to society and the nation through their quest of knowledge and excellence.
- 3. Sound Character:** Inculcation of moral values is a priority to be accomplished through principles and practice over a period of time. Integrity, honesty, sincerity, love, support and respect for all are some of the aspects to be nurtured among students.
- 4. Competence:** Honing skills and competencies of various kinds with a view to competing in the global job market
- 5. Responsible Citizens:** Responsibility entails duties and accountability in whatever students do in their lives
- 6. Gender Equality:** Cultivation of gender-neutral attitude and eradication of patriarchal prejudices against women
- 7. Environmental Awareness:** Enabling students to practice environmental safety and sustainability as a way of life

8. Scientific Temper: Development of the spirit of enquiry/critical and creative thinking

9. Expertise in Arts, Sports and Culture: Development of all round personality through pursuit of arts, sports and cultural activities

10. Lifelong Learning: Inculcation of the urge to continually learn and adapt to the drastic changes that happen in the world

Nurturing intellectual, emotional, spiritual, physical, aesthetic and social aspects of students' personality is the goal of our institution.
